**FIVE STAR BANK NOW OFFERING HOME LOANS,
DYKE MUNDY TAPPED TO LEAD DEPARTMENT**

SACRAMENTO, CA – While many banks are contracting their residential mortgage lending, Five Star Bank is pleased to announce the formation of a new division that will originate one to four family, owner and non-owner residential mortgage loans up to \$1 million. The Five Star Bank Mortgage Division will offer a full array of conforming loan products, as well as jumbo loans.

Dyke Mundy, a 20-year residential lending veteran, has been named SVP, Mortgage Division President.

“Originating high-quality loans and providing a level of service that is unmatched in the industry will be our primary goal,” said Mundy. He will work directly with customers, assisting them with their mortgage needs. “We will be able to close loans quickly and with less hassle, as a result of our focus on quality rather than quantity,” he said.

“We are expanding to meet the growing needs of our customers,” said James Beckwith, President and CEO of Five Star Bank. “Excellent service with the expertise to back it up, that is at the core of our working philosophy. With the addition of Dyke and the creation of the Mortgage Division, that ethic will now extend to serve the residential mortgage needs of our customers.”

Prior to joining Five Star Bank, Mundy worked as a Senior VP/Mortgage Banking Executive for Wachovia Bank. There he managed all aspects of their retail loan operations in Northern California as well as Northern Nevada. During his tenure with Wachovia and prior to that, World Savings, Dyke held senior level positions in underwriting and appraisal. He is a graduate of St. Mary’s College in Moraga, where he earned a Bachelor of Science in Business administration, and a Masters of Business Administration with concentration in finance.

For more information, contact Dyke Mundy at 916-640-1504 (direct line), 916-416-5112 (mobile) or via email at dmundy@fivestarkbank.com.

About Five Star Bank:

Five Star Bank was started in 1999 by a group of Sacramento area business professionals to provide local banking services with an emphasis on commercial real estate and small business. Five Star Bank offers the opportunity to work with banking professionals who provide fast lending decisions and are intimately familiar with the project at hand, local economy, and their client’s needs.
