TIM CHING JOINS FIVE STAR BANK AS SOUTH PLACER REGION PRESIDENT

SACRAMENTO, CA – Five Star Bank is pleased to announce that Tim Ching has been hired as the South Placer Region President. Ching is charged with developing loan and deposit clients in the communities of and surrounding Rocklin and Roseville.

“I was attracted to the conservative philosophies of the Bank, its emphasis on providing a very high level of customer service, the strength of its Board and executive management team, and ability to grow market share during extremely challenging times,” said Ching. “The health of the Bank and its financials speak volumes in the current economic environment.”

A Roseville resident for 28 years, Ching has been in banking for more than 30 years and spent the last 12 working in the Roseville area. “Through this position I can continue to serve my network of customers from a true community bank platform,” he said. “While at previous banks, I was a direct competitor, but I had always respected the Five Star Bank franchise and I heard a lot of positive feedback from mutual customers.”

“We were founded in Rocklin but have not had a significant presence in the South Placer market for some time,” said James Beckwith, President and CEO. “The addition of Tim allows us to really serve the market they way it should be.”

Ching holds a B.S. degree from Lewis and Clark College in Portland, OR and an M.B.A. with an emphasis in Finance from California State University, Sacramento. He actively supports the Kiwanis Club of Roseville and has been a Board member for the past four years. He has also worked with Big Brothers and Sisters and the Make a Wish Foundation.

Ching can be contacted at 916-626-5007 or via email at tching@fivestarb.com.

Five Star Bank was started in 1999 by a group of Sacramento area business professionals to provide local banking services with an emphasis on commercial real estate and small business. With offices in Rocklin, Sacramento, Rancho Cordova, and Redding, Five Star Bank offers the opportunity to work with banking professionals who provide fast lending decisions and are intimately familiar with the project at hand, local economy, and their client’s needs.
